

# October 2023 NRL22 Official Course of Fire

**PractiScore Template:** Here is the link for the PractiScore template for this month's COF. This template has all the stages already built for you if you don't want to create them yourself. All you need to do is follow the instructions to the letter otherwise you risk your match results being overwritten. [PractiScore Template](#)

**DFAT Range Card:** The DST Precision DFAT allows you to use the rifle and optic to dryfire practice in a very small area such as your garage, living room, or even bedroom. With this adapter most scopes focus in the 11-15 feet range. You can find this month's COF range card here. [DFAT Range Practice Range Card](#)

**COF Designer:** Thank you to Pete Fletcher for designing this month's COF. Pete did a great job at keeping each stage simple with props and target engagements. There are a couple of stages where he wanted to test mental focus, which he did a great job with. Brian is a competitor from West Lafayette, Indiana and calls Wildcat Valley Rifle and Pistol Club in Brookson, Indiana his home range.

If you have questions about the COF please email Dominic at [Dom@NRL22.org](mailto:Dom@NRL22.org)

**Range requirements:** This month's COF will require a Tank Trap, NRL22 Pyramid, Tripod, 55-gal barrel, a stopwatch that can time down to a tenth of a second, and the NRL22 standard target package. Left over targets: 4", 5", 6"

**Scoring submissions:** In accordance with the 2024 NRL22 rules, Match Directors are required to submit scores within 7 days of their match concluding. You can submit your NRL22 (5 stages only) scores through the NRL22 website using the Practiscore URL. If you don't have that ability then download the NRL22 Scores sheet from the downloads section on [NRL22.org/downloads](http://NRL22.org/downloads), fill out the results, and submit scores through the [NRL22.org](http://NRL22.org), followed by payment for the match admin fee. Keep in mind that only NRL22 members are eligible for prizes and while we have a 7-day grace period for membership, if the prizes are already distributed, it is the competitor's loss.

**Live Stream:** The live show for prizes will happen on **November 8th, 2023**. If you have questions, ask them during the live show and we will answer them for you.

## Terms of Use

The use of this course of fire is restricted to personal/individual use; however, the use of this course of fire in a match setting must be operated within the NRL22 rules and is restricted to current NRL22 clubs. The monthly course of fire is a proprietary product of the NRL22. Furthermore, the scores of every competitor at that match must be submitted to the NRL22 regardless of the competitor's membership status. Every competitor is given a 7-day grace period to become a member and claim their score.

# October 2023 NRL22 Official Course of Fire

Here is the running list of approved out-of-production rifles that will remain in base division. These rifles must be in their original factory configuration to be eligible for base division. The only modifications to those rifles are the ones listed in the NRL22 Rules Section 5. B. The burden of providing solid evidence for inclusion into base division rests squarely on the shooter, and the MD makes the final call on which division the shooter's rifle gets classified in. If there are out-of-production rifles that are not on this list, please email Dom at [Dom@NRL22.org](mailto:Dom@NRL22.org) with the manufacturer, model number, and MSRP (not MAP) with a website where it was to be considered for inclusion.

- CZ 452 (all models)
- CZ 455 (all models)
- Savage (all models, except Savage Anschutz)
- Ruger (all models)
- Marlin/Glenfield
  - Levermatic
  - Model(s) 780, 880, 980
  - XT-22
- Mossberg (all models)
- Winchester
  - Model 69 & variants
  - Model 131 & 141 (including SR variants)
- Cooley
  - 64 (predecessor to Savage 64)
  
- Example #1: The CZ 452 American had an MSRP of \$409.00 in 2007. Inflation adjustment puts that MSRP at \$614.52 in 2023. This is clearly in line with many other "base division" rifles including several versions of the CZ 457.
- Example #2: The CZ 455 Varmint Precision Trainer had an MSRP of \$967 in 2018. Inflation adjustment puts that MSRP at \$1,186.49 in 2023. Unless the competitor is electing to shoot with iron sights, it would be practically impossible for this model to stay under the applicable \$\$\$ threshold.
- Example #3. The Winchester Model 52 Sporter had an MSRP of just \$88.50 in 1934. However, 90 years of compound inflation really adds up. Inflation adjustment puts that MSRP at \$2,039.03 in 2023. The Model 52 will be a ton of fun to shoot, ...in Open division.
